Committee on Appropriations

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Carson City Critical Water Infrastructure Improvements in Fiscal Year 2027. The entity to receive funding for this project is the City of Carson City, located at 652 North Williams Street, Carson City, MI 48811. The funding would be used for replacing aging and undersized water mains along the M-57 corridor and removing galvanized or unknown water service lines. This project is an appropriate use of taxpayer funds because it improves water quality, reduces the risk of lead exposure, and complies with the Michigan Lead and Copper Rule.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

JOHN MOOLENAAR  
Member of Congress
