Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Pewamo Water Main Replacement project in Fiscal Year 2027. The entity to receive funding for this project is the Village of Pewamo, located at 130 East Main Street, Pewamo, MI 48873. The funding would be used to replace approximately 8,500 linear feet of water main installed in the 1950s. This project is an appropriate use of taxpayer funds because the system has experienced frequent water main breaks, with three breaks occurring last year and as many as six in previous years. This rate of failure is exceptionally high for the amount of pipe involved and for a community of Pewamo's size.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

JOHN MOOLENAAR
Member of Congress
